

PREPARES

Preparing Responsive Educators using Place-based
Authentic Research in Earth Systems

Participate in an exciting research opportunity

to provide indigenous middle-school students with science, technology, engineering, and math (STEM) instruction in climate change.

Eligibility

- Middle school science teachers
- Big Island of Hawai'i
- Alaska's rural school districts

Time frame

Activities take place during the 2014-2015 and 2015-2016 school years.

To apply

Complete the application and return it to the PREPARES project office. Space is limited, please apply early!

Scan and email to :
contact@PreparesEducators.org

All participating teachers will receive:

- ✦ Stipend of at least \$250/year for complete participation
- ✦ Travel to project workshops
- ✦ Professional Development training

Random assignment will determine roles and resources, which may include:

- ✦ Place-based, culturally-rich teaching resources
- ✦ Communications with scientists and elders/kupūna
- ✦ Collaboration with a partner-teacher and class in the other state

PreparesEducators.org

PREPARES is funded by the National Science Foundation, and operated out of Alaska Pacific University: 4101 University Drive, Anchorage, AK 99508
